

# CLASS # 26

## SILICONE LUBRICANT SPRAY

This ultra fast drying silicone spray is formulated specifically for the needs of the textile and food industries. The medium viscosity formula provides a light lubrication on surfaces in textile plants including cutting tables, blades, needles, foam/fabric installation and other applications in upholstery shops, garment and milling operations.

This spray is also used in producing, manufacturing, packing, processing, preparing, treating, packaging, transporting, or holding food. The applicable areas include those such as ice machines, knives, cutting tables and blades.

The silicone is colorless, odorless, heat stable and nonstaining. This next generation, hexane-free and low VOC formula contains no ozone depleters, carcinogens, or chlorinated solvents and the fan spray pattern helps reduce overspray and waste. Net weight 11 oz.

# CLASS # 26

## CARBURETOR AND CHOKE CLEANER

This powerful solvent blend has been designed to quickly and effectively cut through the toughest carburetor dirt, grime and carbon deposits on your carburetor or throttle plate.

It enables your engine to perform more efficiently, helping to eliminate hard starting, rough idling and stalling. Will also reduce emissions and helps to increase performance and improve fuel economy. Net weight 13 oz.

**ITEM#:**

**DESCRIPTION:**

428

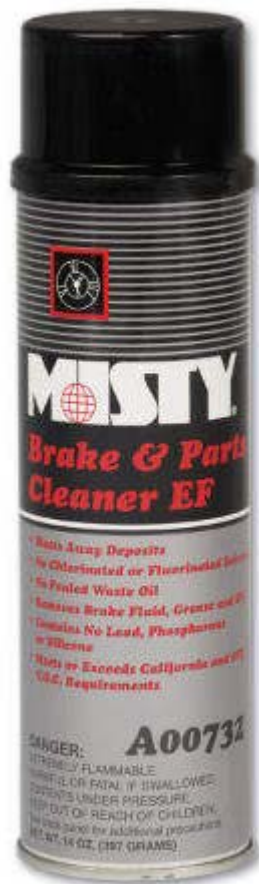

CARBURETOR & CHOKE CLEANER

# CLASS # 26

## BRAKE PARTS CLEANER

This non chlorinated, brake and parts cleaner features triple action power that removes dirt, dissolves grease and cleans parts. Can be used for general cleaning solvent on machinery where disassembly is either not practical or necessary such as brake systems, mechanical assemblies and engines.

This spray makes small cleaning jobs a whole lot easier and it removes brake fluid, grease and oily contaminants. Net weight 14 oz.

**ITEM#:**

## CLASS # 26

# FOAM & FILL SEALANT

### Foam & Fill<sup>®</sup> Minimal Expanding Foam Polyurethane Sealant

This insulating foam sealant expands to fill holes, cracks, gaps and voids around pipes, outlets, vents and foundations.

It forms an airtight, waterproof bond that seals out drafts, moisture and pests. Can be sanded, painted or stained and is good for interior or exterior applications.

Environmentally safe, contains no cfcs. 12 oz. can with long, flexible plastic filler tube for easy dispensing with no messy cleanup.

**ITEM #: 423**

### Foam & Fill<sup>®</sup> Triple Expanding Foam Polyurethane Sealant

This insulating foam sealant expands to fill larger holes, cracks, gaps and voids around pipes, outlets, vents and foundations.

It forms an airtight, waterproof bond that seals out drafts, moisture and pests. Can be sanded, painted or stained and is good for interior or exterior applications.

Environmentally safe, contains no cfcs. 12 oz. can with long, flexible plastic filler tube for easy dispensing with no messy cleanup.

**ITEM #: 424**

## CLASS # 26

# BLASTER

## BLASTER SMALL ENGINE TUNE-UP

This 12 oz aerosol restores power and compression to all 2 and 4 cycle engines. It removes all carbon, gum, varnish, and moisture to smooth engine performance and prevent failure. It helps prevent vapor lock and stalling as well as freeing the rings and valves from carbon build-up. It conditions gas in extended layoff periods when added to fuel and sprayed in the carburetor.

ITEM#: 416

---

## BLASTER EXTENDS TOOL LIFE

This new cutting catalyst is used in machine shops and tool and die shops. It instantly delivers results by transferring peak friction heat from the tool and acts as a coolant, as well as a lubricator and rust inhibitor. It dramatically extends the life of the tool when used as a drawing compound additive. Available in a 12 oz. aerosol can and is commonly used for cutting, tapping, boring, stamping and drilling, and threading jobs. Also great for reaming and sawing!

ITEM#: 418

---

## BLASTER TRANS VALVE FIX

Trans Valve Fix instantly boosts compression in all combustion and diesel engines. Simply add to crankcase oil to lubricate and as well as clean piston rings.

Blaster TVF will stop the sludge, varnish and carbon build-up providing cleaner, cooler running engines. 16 Oz.

ITEM#: 427

---

## **BLASTER** AIR TOOL CONDITIONER

Instantly removes calcium and varnish deposits from all impact wrenches, drills, grinders, polishers, and sanders.

Thoroughly cleans internal tool parts and breaks loose deposits that create friction and impede smooth operation. It reaches deep into even the smallest recesses to establish a protective, long-lasting lubrication film. Protects tools from freezing down to -25° F.

Dramatically extends tool's operating life and restores to nearly the original factory power and RPM. Creates lasting lubrication to protect against wear and rust. 11 oz.

ITEM#: 16-ATC

---

## **BLASTER** CORROSION STOP

Protects all metals, (industrial, automotive, and marine), from corrosion. Leaves a protective film on all applied surfaces.

Penetrates to prevent further corrosion and creates protective barrier which simplifies future maintenance. It resists water and displaces moisture.

Fights corrosion and salt water as well as salt and chemicals in the atmosphere. Is also great for winterization, exhaust manifolds and pumps, outdoor speakers, batteries, and padlocks. 11 oz.

ITEM#: 16-CSP

---

## **BLASTER** WHITE LITHIUM GREASE

Blaster's new White Lithium Grease is a clean, white grease with a very low odor. It offers long lasting lubrication and protection in a wide range of applications & conditions.

Excellent for heavy duty applications such as open lube points and high load applications including: gears, shafts, heavy duty chains, axles, bearings, fan motors, couplings, automotive hinges, heavy machinery, conveyor belts and chains, mechanical, non-disc brake parts, springs, plumbing fixtures, and hundreds of other applications. Net weight 11 oz.

ITEM#: 433

# CLASS # 26

## FREE ALL<sup>®</sup> PENETRATING OIL

Free All<sup>®</sup> penetrating oil spreads deep into rusted or frozen parts and frees them in seconds. It's a very popular product in auto shops, mechanical shops and industrial plants. Used by professionals and homeowners alike.

Free All<sup>®</sup> actually eats rust and brings any frozen, rust covered parts back to life. Available in 12oz. aerosol cans or a 1oz. aerosol sample. (Underage applies on the sample can.)

**ITEM#:**

**DESCRIPTION:**

<b>431</b>	<b>FREE ALL<sup>®</sup> PENETRATING OIL - 12oz.</b>
<b>FASAMP</b>	<b>FREE ALL<sup>®</sup> PENETRATING OIL - 1oz. SAMPLE</b>

# CLASS # 26

## PENETRATING OIL 12 Oz.

This is a multi purpose penetrating oil that lubricates, cleans, prevents corrosion, displaces moisture and penetrates faster and farther than the other leading national brands.

It is free of ozone depleters and chlorinated or fluorinated solvents so it meets EPA regulations. In addition this product is fortified with PTFE for superior lubricity. (PTFE is 'Polytetrafluoroethylene', better known by the trade name 'Teflon<sup>®</sup>' and used in anything that needs to be slippery or non-stick).

Use it to free up rusted or frozen bolts, or moving parts. Also contains advanced corrosion inhibitors for maximum protection of metal surfaces.

ITEM#:	DESCRIPTION:
420	PENETRATING OIL 12 OZ

# CLASS # 26

## GLASS CLEANER

This exclusive formula, foaming action glass cleaner is fast and easy to use. It thoroughly cleans with foam, lifting and loosening dirt and grime, yet leaves a light, pleasant fragrance.

Use it to wipe away fingerprints, smudges, dust and dirt, lipstick, grease, oil, bugs and other foreign matter. Brightens and cleans glass doors, mirrors, windows, showcases, windshields and headlights. Also cleans stainless steel, chrome, aluminum, porcelain, and ceramic tile. Removes paint overspray as well as masking tape residue. 19 oz.

# CLASS # 26

## 14 OZ LITHIUM MULTI GREASE

This is heavy duty, multi purpose #2 Lithium grease. It is American made by LubriMatic® and it's formulated to meet the requirements of a wide range of applications.

It is recommended as a chassis and universal joint lubricant and excellent for packing bearings. This multi-purpose grease is also recommended for all other general purpose applications.

Resists heat, repels water, prevents wear and is a high performance, long lasting and hard working all purpose lubricant.

ITEM#:	DESCRIPTION:
140Z	14 OZ LITHIUM MULTI GREASE

 *Must be sold 50 Per case or sleeves of 10 only*

# CLASS # 26

## GREASE GUN IN A CAN

Grease gun in a can is a remarkable new multi-purpose lubricant. A red grease sprays out of the can in the form of a thin, penetrating liquid and then quickly turns into a thick grease that even clings to vertical surfaces.

This is the original 'Misty Slip Shot II'. It provides excellent lubrication properties, and can withstand temperatures of 500° F and resists throw-off. It is a non-soap grease with an inorganic base that is formulated for maximum lubricity. This formulation also includes additives for anti-rust and oxidation as well as anti-wear.

It lubricates, resists water, prevents corrosion, rust, and is acid resistant. Its extreme pressure and anti-wear properties give it a cushioning effect to resist shock and reduce noise. 12 Oz. aerosol can. USDA Classification H2.

ITEM#:	DESCRIPTION:
422	GREASE GUN IN A CAN

# CLASS # 26

## WASP & HORNET SPRAY

Ideal in nesting areas such as attics, basements, on utility meters and boxes in eaves and shrubs, outside surfaces of screens, doors and window frames, porch lighting fixtures, also for use in outdoor public areas such as beaches, golf courses, picnic grounds and amphitheatres.

### Specifications:

- Will not harm most plastics, including Noryl, ABS and Lexan
- 98% knockdown, 100% kill within 24 hours
- Dielectric strength: 33,000 volts
- Sprays up to 20 feet
- EPA-Registered
- 14 Oz. can

# CLASS # 26

## CUTTING & TAPPING FLUID

Our cutting and tapping fluid is a 16 oz. aerosol that's handy to use and extends the life of all your tooling, cutting and grinding wheels.

It's specially formulated to meet the needs of high performance machine shops. This fluid easily sprays on to give you the best protection against heat friction and tool bit wear so your expensive tooling will last twice as long.

Quickly dress up all your drill bits and taps and dies before use for better performance. Even drill motors will last longer because they'll run smoother and do more work with less trouble. You'll be amazed at how much longer cutting and grinding wheels will last you too!

**DESCRIPTION:**

**419**

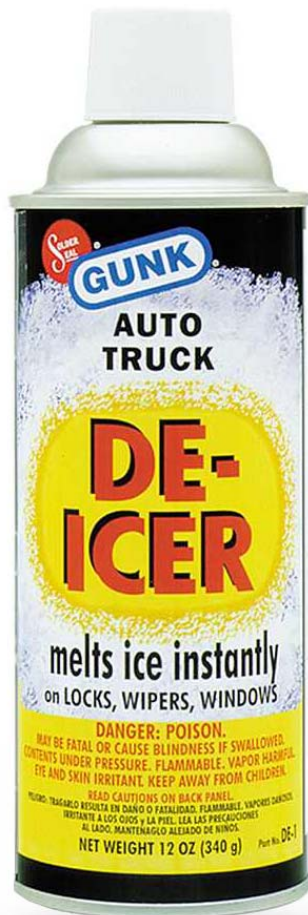

**CUTTING & TAPPING FLUID**

# CLASS # 26

## INDUSTRIAL DE-ICER

This industrial grade De-Icer, melts ice fast on locks, windows, headlights and windshield wipers without the worry of cracking by using hot water. This is an ideal product for cold areas on autos, buses, taxis, trucks, airplanes, and store fronts. It not only melts ice but prevents ice from forming.

To use De-Icer on existing ice build up, simply hold can upright and press button, aiming the spray directly at frost or ice. To prevent ice build up before freezing occurs, spray De-Icer immediately before a cold spell in locks and on windows. Continue using once a week to prevent build up. Contains no ozone depleting chemicals and comes in large 12oz cans.

## BATTERY TERMINAL PRODUCTS

### GUNK TERMINAL CLEANER

Gunk® battery terminal cleaner cleans not only terminals but connectors, battery tray, holder bolts and brackets by neutralizing acid corrosion and cleaning dirt and grease accumulation on the battery.

Simply spray on, let soak for 5 minutes, rinse off with water and dry with a towel. This terminal cleaner ensures good contact and maximum current flow. 5 oz. aerosol Made in USA.

ITEM#: BTC4

### GUNK TERMINAL PROTECTOR

Gunk® battery terminal protector sprays a protective coating over battery terminals and holder hardware.

It helps prevent battery corrosion while allowing maximum current flow, reducing battery maintenance. 4.5 oz. Made in USA.

ITEM#: BTP4

# CLASS # 26

## HEAVY DUTY PAINT REMOVER

Getting paint off of anything is a challenge, especially baked-on enamel. This Sprayon® paint remover comes in a big, 15 Oz. can that easily applies to any surface with air-dried or baked-on paint.

This is fast-acting, no-nonsense, and safe to use on metal, stone, wood, brick, glass, wood, tile, or concrete. Not for use however, on fiberglass, or synthetic surfaces and plastic. Simply spray it on, let it penetrate for a few minutes, and scrape or wipe clean.

This paint remover also works great on gasket cements. After scraping a gasket, one spray of this remover and all cement and glue residue is gone. It also removes decals, sealants, tape residue, and carbon deposits. Completely removes urethane, varnish, and shellac. USA made by Sprayon®.

**PR15**

**HEAVY DUTY PAINT REMOVER-15 OZ.**

## CLASS # 26

# ADHESIVE REMOVER

This multi-purpose spray removes adhesives from glass, Plexiglas, vinyl and poly banners, painted aluminum, auto paint, and many other surfaces. It is perfect for use during tinted window installations.

This spray is water-soluble, non-flammable and works in minutes. For use on oil-based enamel and fully cured painted surfaces. Not recommended for use on latex paint backgrounds. This 18 oz. aerosol contains no ozone depleting chemicals.

**ITEM#:**

**DESCRIPTION:**

**SW894**

**MULTI-PURPOSE ADHESIVE REMOVER**

## CLASS # 26

## HAND CLEANER

This is an industrial strength hand cleaner that is 'waterless', but can be used with water without it beading up. The formula has conditioning creams to help with chapped and dry hands and it won't leave a 'chemical' smell. It is pleasantly scented, and completely biodegradable.

This hand cleaner safely removes anything from grease, carbon, asphalt, tar, dye, adhesives, and even printer's ink, and it comes in an easy to handle plastic tube, so you won't break it or lose the lid. The tube also has a handy hole at the bottom for easy hanging on a hook.

ACE Hand Cleaner is available in two formulas; 'Soft Touch' which is a 'smooth' cleaner, and 'Tough Touch' which has a gritty pumice included for the real hard grease and grime.

These 22 oz. plastic tubes also feature ACE logo as well as our toll-free number for quick and easy reordering.

# CLASS # 26 RAT POISON

Manufactured by J.T. Eaton<sup>®</sup>, these bait blocks are the most effective form of rodent control from house mice to the large Norway rat. Since they are paraffin wax coated they can be used in any weather condition and not only do they kill the rodents, but the active ingredient dries up the carcass to prevent foul odor.

By killing these rodents you eliminate the danger of many diseases such as hantavirus, and bait blocks are FDA approved for commercial and home use, when used in accordance with the directions.

Available in peanut butter flavor and comes in a 9 lb. sealed plastic bucket. Approximately 72 blocks per container.
